Jesse Morrow Mtn. Mining

Cemex is proposing a hard rock aggregate mining operation along the southern side of Jesse Morrow Mountain. The project's economic impact for Fresno County is estimated at **\$48.5 million** annually and can potentially save the local government **1.3 million** gallons of fuel annually.

We need a head count of who's interested in learning more about the Jesse Morrow Mining Project, including a tour of the area. Interested? Please reply to this email. **RSVP required.**
