Fresno Housing Department: Bid Opportunities

The City of Fresno's Housing Department is putting out bids for the Lowell Community Rehabilitation Program and the Home Improvement Program- both of which are heavily concentrated efforts in Lowell, the City's direct focus for neighborhood revitalization efforts. They are working off a list of contractors that is used when they send out their projects for bid but Fresno would like to see more local contractors have the opportunity to bid.

Some of the work available includes: *bath-tubs, heating/cooling, countertops/cabinets, electrical panels/rewire, floor coverings, health and safety improvements, insulation, painting, plumbing, roofing, water heaters, and weatherization.*

Please **see attached** sample of a scope of work, the sample insurance form, a general contractor application and the City's insurance requirements.

32nd Annual CSI Fresno Building Product Show

April 27, 2010 @ Ernest Valdez Hall—Fresno Convention Center
Set up 12noon; Exhibits 5-8pm; Dinner 8pm.

Meet more Central Valley design professionals at the Product Show than any other method!

The Show is designed for specification writers, architects, designers, engineers, contractors, subcontractors & others related to the building industry.

It is an opportunity for these professionals to update and discover new industry information and developments for specifications.
